

Kaiser Permanente Medicare Webinars

Kaiser Permanente wants you to have the Medicare health plan information you need even when we can't be together in person.

That's why we've created our convenient live webinars.

When you attend one of our webinars, you'll have the chance to meet your Kaiser Permanente Medicare Specialist who will host your meeting. If you'd like to learn about your host before the webinar, you can find them at mykpagent.org. You'll get to learn more about Kaiser Permanente and understand what makes us so unique. There will be a question and answer forum so you can find out exactly what *you* want to know.

And if anything comes up later, no need to worry, you can request additional information or speak with the host after the webinar- they'll be more than happy to speak with you directly.

All of our webinars are designed to last just 30 minutes so finding out more about Kaiser Permanente Medicare health plans can be quick and easy.

If you'd like to learn more or to RSVP visit mykpagent.org. Kaiser Permanente Medicare

Webinars -- we hope to see you there!
