

Smarter Healthcare - Kaiser Permanente

You might have noticed most things in life have gotten smarter more personalized and more convenient. Now your health care, not so much. One healthcare provider is out to change that, Kaiser Permanente. With our integrated healthcare model, your primary care physician can coordinate your care with any specialist. You need our board-certified Physicians working over 50 Specialties and coordinate care with nurses and other team members to help you be your healthiest and they're all connected to your health records. So, you don't have to give your life story every time you see a doctor. That means nothing slips through the cracks and prescriptions get filled quickly and correctly.

We've packed all that seamless Health Care into a simple app that fits neatly on your smartphone. So go with the plan that gives you the personalized convenient flexible care. You need to stay your healthiest go with Kaiser Permanente. Visit kp.org forward slash Thrive to learn more.
